A-55 KICKER

Dynamic Drum Microphone
Thank you for choosing the MXL A-55 KICKER Bass Drum microphone. With proper care, this mic will provide many years of satisfaction. To get the best results, please take a few moments to read this manual.

Enjoy your microphone!

The MXL Team

General Characteristics
The MXL A-55 KICKER is a heavy duty dynamic microphone tuned specifically for kick drums and other low frequency applications such as bass guitar amps. The A-55 KICKER utilizes a cardioid pickup pattern to pinpoint the best sound while minimizing bleed from the rest of the drum kit.

Contents
Unpack your MXL A-55 KICKER microphone carefully and verify that all of the following items are included:

- MXL A-55 KICKER microphone
- Microfiber cleaning cloth

If any of these items are missing or damaged, contact the company from which you purchased the microphone.

Microphone Cable
The microphone cable can have a profound effect on the sound of any microphone. Even the finest microphone will sound poor if the interconnect cable allows noise to enter or causes distortion and loss of information. We recommend that you use the best microphone cable that your budget will allow.

Care
Dust and foreign material can reduce the performance of a microphone over time, so you should store the MXL A-55 KICKER in its box when not in use.

How to Use
Correct placement of your A-55 KICKER will be critical. We recommend you try different positions to find the best sound. We also recommend placing the A-55 KICKER close to your kick drum and pointing the head (capsule) directly at the sound hole.

Warranty
MXL microphones are guaranteed against defects in materials and workmanship for one year from the date of purchase. If you encounter any problem with this unit, promptly contact the company from which you purchased it for assistance. The original dated sales receipt will be necessary for any warranty claim. Do not send any unit directly to us without prior authorization from our service department. Warranty coverage is limited to repair or replacement (at our option) of the microphone, and does not cover incidental damages due to use of this unit, nor damage caused by accidental misuse of this product.
