

AC-360-Z V2

Unified Communications

The Ultimate Zoom Room Microphone

Thank you for purchasing the MXL® AC-360-Z V2 Zoom Room Microphone. The AC-360-Z V2 is a USB-powered conference microphone that captures crystal clear audio in a full 360° within a 25-foot radius. The new MXL AC-360-Z V2 has been co-developed with engineers from Zoom, a leading web conferencing and communications software provider, to enhance microphone solutions for Zoom Rooms.

12-Capsule Array for 360° of Perfect Speech Clarity

Co-developed with Zoom for the Ultimate User Experience

Connect Multiple Units to Cover Any Size Room

GENERAL CHARACTERISTICS

Twelve internal microphone capsules, divided into four quadrants, ensure 360° of perfect speech intelligibility within a 25-ft radius, without reliance on any additional equipment.

Solid, all-metal construction and a reinforced frame give the AC-360-Z V2 extra durability for shared office environments. The included locking DC power supply ensures that the AC-360-Z V2 won't get accidentally unplugged during important meetings.

FLEXIBLE INSTALLATION OPTIONS

The AC-360-Z V2's rubber feet are removable so that the unit can be mounted directly on the ceiling or conference room tables using the included assortment of USB cables, universal power supply, and mounting pads to enable virtually any installation, anywhere.

FOR USE WITH ZOOM ROOMS SOFTWARE

When used with Zoom Rooms software, each quadrant of the AC-360-Z V2 is individually processed and optimized using Zoom Rooms' DSP and echo cancellation technology. Multiple AC-360-Z V2s can be daisy-chained together using included USB-C cables for scalable Zoom Room installations.
